NOTIFICATION

No. 5.—In connexion with the admission of candidates to the Prince of Wales' Royal Indian Military College, Dehra Dun, for the term commencing from January 1924, intimation has been received from the Army Department of the Government of India that there will be a few vacancies to be filled. The following information is therefore published for the use of intending candidates:—

(1) The College will provide a public school education on English lines for Indian youths who desire subsequently to enter the Royal Military College, Sandhurst, with a view to obtaining commissions in the Indian Army. It is intended for those who wish to make the Army their profession in life, and parents or guardians of candidates will be required to furnish a declaration to this effect. The course of study at the College will, however, be such that, should a boy fail in the examination for entrance to the Royal Military College, Sandhurst, he will be in as good a position to pass the university entrance examination as if he had been educated at an ordinary school.

(2) Candidates will be accepted from—

(*a*) Provinces of British India;

(*b*) Indian States (nominated by His Excellency the Commander-in-Chief); and

(*c*) Sons of Indian officers of good service specially nominated by His Excellency the Commander-in-Chief.

For vacancies under (*b*) and (*c*) the nomination will be made by His Excellency the Commander-in-Chief on the recommendation of the Local Government or Administration or the Political Officer, as the case may be.

(3) The upper age limit of candidates shall be 12½ years on the 1st January 1924, and no candidates who are below the age of 11½ or above the age of 12½ on that date shall be accepted.

(4) Candidates should attach to their applications a medical certificate from a medical officer to the effect that they are physically fit in all respects, as detailed in the Appendix below.

(5) The fees will be Rs. 1,800 for each school year and are liable to enhancement hereafter, if circumstances required. These fees will include tuition, messing, school servants, washing and mending, and medical attendance of the ordinary kind, and, as initial provision, one suit of the uniform to be worn by students when at the College. The fees to be paid by students admitted under paragraph (2) (*c*) will be determined by His Excellency the Commander-in-Chief in each particular case.

(6) One general mess will be maintained. All students will be required to mess together. Special care will be taken that no food is served in the mess which could, in any way, offend the religious susceptibilities of any student.

(7) All applications should be submitted *in duplicate* to the Private Secretary to His Excellency the Governor of Madras, Madras Governor's Camp, not later than 15th October 1923 in the form below. No application received after the 15th October will be considered.

Form of Application.

APPENDIX.

INFORMATION RESPECTING OUR MEDICAL EXAMINATION OF CANDIDATES FOR ADMISSION TO THE PRINCE OF WALES' ROYAL INDIAN MILITARY COLLEGE, DEHRA DUN.

Snellen's types should be used.

Each eye must have a full field of vision as tested by hand movements.

Squint or any morbid condition of the eyes or of the lid of either eye liable to the risk of aggravation or recurrence, will cause the rejection of the candidate.

Each eye will be examined separately. The candidate will be required to read the tests in ordinary daylight.

Inability to distinguish the principal colours will not be regarded as a cause for rejection, but the fact will be noted in the proceedings and the candidate will be informed.

No relaxation of the standard of vision will be allowed.

4. The following additional points will then be observed :—

(a) That his hearing is good.

In the case of vessels other than steamers and motor vessels using lines of navigation numbered 1, 2, 6 and 7 above, the following rules only shall be applicable :—12, 14, 16 (except last sentence), 17, 19, 20 [clause (a) only], 29, 34 and 35.

1. For the purpose of these rules the Executive Engineer, West Coast Division, and the officers of the Public Works Department in charge of subdivisions and sections, shall be 'canal officers.'

2. *Vessels to be licensed.*—Every vessel using a canal shall, unless it is exempted by the notification under section 5 of the Canals and Public Ferries Act, 1890, be either licensed or registered.

3. *Vessels other than rafts.*—On application by the owner of a vessel or his agent either in person or by letter for permission to navigate any particular line or connected lines of navigation, and on payment of the fees prescribed in the notification published under section 6 of the Act the Executive Engineer, West Coast Division, or any other Canal Officer duly authorised by him, shall grant a license or certificate of registration for such navigation in the form prescribed subject to the condition that claims for compensation in consequence of the closure of all or any of the canals for repair, or insufficiency of water or any other impediment to navigance shall not be recognised. The license or certificate of registration shall be annual and shall run from the date of issue to 31st March following.

Vessels registered shall be subject to the same rules and regulations as those for which licenses are taken out as far as they are applicable.

Vessels intended only for the personal use of the owners and not employed in carrying goods, animals or passengers for purposes of trade may be registered. All other vessels of a registered tonnage of one ton and over shall be licensed.

4. *Inspection of steamers.*—(*a*) The application for an original license of a steam vessel shall be made by the owner to the Executive Engineer at least two calendar months before the licence is required. In making such application the owner shall give the name and address of the person to whom notice of inspection of the vessel should be given.

(*b*) The inspection of the hull and the machinery of a steam vessel shall be made by the Executive Engineer or any person deputed by him within fifteen days of the receipt of the application.

(*c*) As soon as possible after such inspection the Executive Engineer shall, if the hull and the machinery be in good condition, give notice to the Senior Inspector of Steam-boilers and Prime-movers, Madras, stating the name of vessel and its owner, the place where it should be inspected and the name and address of the person to whom the notice of inspection should be given.

(*d*) On receipt of such notice the Inspector shall arrange to fix a date for inspection which shall be within thirty days of its receipt and shall give the owner or the person named by him fourteen days' notice of his intention to inspect, stating what preparations should be made for his inspection.

(*e*) If, on such inspection, the Inspector is satisfied that the boiler is in good condition, he shall issue to the Executive Engineer the usual boiler certificate to that effect, specifying the maximum pressure at which the boiler may be worked and the period for which such certificate shall be in force.

(*f*) The Executive Engineer shall, within a week of receipt of the Boiler Inspector's certificate, grant a certificate of inspection and also a license.

(*g*) All licences shall expire at the end of the period for which the certificate of inspection is granted. If the owner wishes to ply his steam vessel beyond the period covered by such certificate, he shall give notice of his desire to do so to the Executive Engineer at least six weeks before the date of the expiry of such certificate.

(*h*) In the event of none of the Inspectors of Steam-boilers being able to inspect the vessel before the date of the expiry of the certificate provided the six weeks' notice has been given, the Senior Inspector of Steam-boilers, Madras, shall intimate to the Executive Engineer that no Inspector is available and the Executive Engineer will endorse the current certificate extending it until such time as arrangements can be made for the inspection of the boiler. The period of such extension shall not exceed two months.

5. *Counterpart of licences and certificate of registration.*—Every canal officer empowered to grant licenses and certificate of registration shall retain the counterpart of every license or certificate of registration granted by him, and shall be responsible that it corresponds to the license or certificate of which it is a counterpart. When an alteration is made in the license or the certificate, a corresponding alteration shall be made in the counterpart thereof.

6. *Transfer of licence or certificate of registration.*—If the ownership of a vessel licensed or registered is changed during the year for which the vessel is licensed or registered, the officer who granted the license or certificate of registration may, upon the application of the original owner and the transferee, alter the license or certificate of registration by substituting the name of the latter for that of the former. But a license or a certificate of registration granted for one vessel shall not be transferred to another vessel.

7. *Gross tonnage.*—The gross tonnage of a vessel shall be ascertained by multiplying its length, breadth and depth in feet and inches and dividing the product by fifty. The length shall be measured at half the midship depth in a straight line from the inside of the outer planking at the side of the stem to the inside of the outer planking at the side of the stern post and shall be hereinafter called the length for tonnage. The breadth for tonnage shall be one-sixth of the sum of five widths taken at equal distances along and at right angles to the above length for tonnage measured from the rib on one side to the planking on the other side. If the vessel has a fixed internal planking or 'ceiling,' the said five widths shall be measured from the inner side of such ceiling on one side to the inner side thereof on the other side.

The depth of all vessels shall be measured to a vertical line at the centre of the length for tonnage. If a vessel is decked, the measurement for depth shall be from the under side of the deck planking or, in case of a break, below a line stretched to continuation of such deck planking. If the vessel is an open one, the measurement for depth shall be from an athwartship line extended from the upper edge of the upper strake on both sides of the vessel. If the vessel has a fixed ceiling (inner planking), the measurement for depth shall be to the inner side of such ceiling. If a vessel has no fixed ceiling, the measurement for depth shall be to the inner side of the outer bottom plank.

8. *What to be deemed the tonnage of a vessel.*—Whenever the tonnage of any vessel has been ascertained, the same shall henceforth be deemed to be the tonnage thereof, unless any alteration is made in the form or capacity of such vessel or unless it is discovered that the tonnage thereof has been erroneously computed; and in either of such cases, such vessel shall be re-measured and her tonnage determined according to the rule hereinbefore contained in that behalf.

9. *Registered tonnage.*—The net or registered tonnage upon which fees are leviable shall be the gross tonnage less 33⅓ per cent for steam vessels, less 20 per cent for motor vessels and less 15 per cent for other vessels. Any fraction of a ton above half shall be taken as one ton and other fractions neglected.

10. *Procedure in case of loss of licence or certificate of registration.*—If the original license or certificate of registration be lost, a duplicate shall be issued by the officer who granted the license on payment of the fee prescribed in the notification published under section 6 of the Act. If the loss occurred during the absence of the vessel from the station at which it was licensed or registered, the loss shall be reported to the nearest canal officer who shall thereupon issue a pass in the prescribed form. Such pass should hold good until the arrival of the vessel at the station at which the license or certificate was issued. Immediately upon such arrival, the owner or his agent shall deliver up the said pass and pay the prescribed fee for a duplicate license or certificate.

The license or the certificate of registration shall contain the particulars specified in the prescribed forms and such other conditions as the Executive Engineer may think fit to prescribe in any case.

11. *Rafts.*—The owners or persons in charge of rafts using any of the canals mentioned 3, 4 and 5 in the preamble to this part shall pay the fee prescribed in the notification published under section 6 of the Act, and take out licenses in the form prescribed. The license shall be in force for six weeks from the date of issue.

12. *Regulation of traffic at wharves.*—The regulation of traffic at wharves and landing places shall be according to the rules framed in that behalf and approved by Government. Such rules shall be fixed to a notice board in a conspicuous place at each end of the wharf and any infringement thereof shall be punished by suspension, for a period not exceeding three months, of the license of the vessel contravening the rule or rules.

13. *Private wharves.*—No private wharf or landing stage shall be constructed on any public canal without the previous sanction of Government.

14. *Free board.*—No vessel carrying cargo shall be navigated in the canals unless it has a free board of at least nine inches, and no vessel carrying passengers shall be so navigated unless it has a free board of at least twelve inches. The free board shall be measured from the water's edge to the top of the gunwale, when the vessel has no deck and to the upper side of the plank of the deck, when the vessel has a deck.

15. *Passenger boats may carry cargo on certain conditions.*—A boat licensed to carry passengers may also carry cargo, every ten cubic feet of cargo being considered as equivalent to one passenger, but the total of the number of passengers so calculated and the passengers actually carried shall not exceed the number of passengers which the boat is licensed to carry. If no passengers are carried, a boat licensed to carry passengers may carry cargo, subject only to the limit of free board of one foot as provided for in rule 14. No such vessel shall carry cargo such as fish, manure, bones, skins, or other articles which in the opinion of the canal officer is offensive or dangerous.

So long as a licence is suspended, the vessel to which it relates shall not ply on any of the canals.

22. *Inspection of motor vessels.*—All motor vessels shall be inspected by the Executive Engineer or the officer empowered by him before they are licensed and once every year thereafter to see that they and their machinery are in good working order and that they are in charge of a competent crew and an inspection certificate is issued. 23. *Production of licence.*—A copy of the licence shall be exhibited publicly on the vessel; and a copy shall also at all times be carried by the navigating officer in charge of the vessel and shall be shown on demand by any gazetted officer of the Public Works Department, any police officer not below the rank of Sub-Inspector or any Magistrate.

In the case of suspension of a licence because of the defective state of a vessel's hull, machinery or gear, the suspension shall continue until the owner obtains a certificate from an inspection officer that the necessary repairs have been effected and that the vessel is again safe, sound and fit for the navigation of the canals. Such certificate shall be endorsed on the original license immediately under the order of suspension, which latter shall thereupon cease to have any effect. The order of suspension shall declare that it shall be in force unless and until such certificate shall be served upon and be filed by the officer who suspended the original license.

The President of a District Secondary Education Board shall intimate to the District Board, or Municipal Council concerned, or the Corporation of Madras, the number of seats on the District Secondary Education Board which it has to fill up by election and shall call upon it to report the name or names of the candidates elected.

2. The president or chairman, as the case may be, of the District Board or Municipal Council, or the President of the Corporation of Madras shall thereupon summon a meeting of that body for the purpose of proceeding with the election.

3. Every candidate for election shall be proposed by one member and seconded by another. The names of all the candidates proposed and seconded shall be read out by the President of the District Board, or Chairman of the Municipal Council or the President, Corporation of Madras, or the presiding member.

The President or Chairman or the presiding member above mentioned shall then open the box and count the votes in the presence of the members.

No person will however be allowed to deposit and bid jointly at the sale.

The deposit of unsuccessful bidders will be returned to them at the conclusion of the sale.

4 The sales will be subject to confirmation by the Conservator of Forests who does not bind himself to accept the highest or any bid. It is possible that the Conservator of Forests will himself be present at the time of sale and the result of sale may, therefore, be announced on the spot.

5. Each purchaser shall, immediately after a lot is knocked down to him, sign his name at foot of the sale list in the column provided for the purpose. Such signature shall be held as an admission on his part of having bought the lot.

6. Immediately after the sale, each purchaser, if his offer has been accepted by the Conservator of Forests for that lot, will be furnished with a memorandum showing the total amount due by him and shall pay 10 per cent of the same, less the earnest deposit referred to above, into any of the Government treasuries at Vellore or Tiruppattur or remit it into the Imperial Bank of India, Madras, or Vellore payable to the Accountant-General at Madras, before the 15th January 1924, and the balance before 11th March 1924 or before removal of the sandalwood purchased from the depot premises whichever is earlier.

7. Should any purchaser fail to make the payment as indicated above on the due date, the sandalwood purchased by him will be resold at his risk, the earnest deposit made by him forfeited to Government, and any loss accruing by such resale recovered from him as if it were arrears of land revenue. Should however any profit accrue by such resale, the defaulter shall not participate in it.

8. The purchaser must take delivery of the sandalwood before 11th March 1924 but he will not be allowed to remove any wood until payment has been made in full for the entire quantity of wood purchased. If delivery is not taken within the time allowed, a demurrage at Rs. 10 per day will be charged until such time as the wood is removed from the depot premises—vide paragraph 11 infra.

9. On presenting the chalan to the officer in charge of the depot for the payment of value of the sandalwood purchased by each merchant, the wood will be weighed as it is, in the depot, in the presence of the purchaser or his *accredited* agent by an officer of the department not lower in rank than that of a Forest Ranger. No further cleaning or classification of the sandalwood will be undertaken by the Forest Department nor will purchasers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as determined by the Forest Department must be accepted. Should any deficiency occur after weighment, the value of the deficiency will be refunded to the purchaser or if an excess is found it shall be paid for by him.

10. The purchaser shall bear the cost of weighment at the time of delivery.

11. The purchaser will be allowed reasonable time not exceeding beyond 11th March 1924 to remove the wood after weighment and delivery. During this period the wood will be kept in the depot at his risk and loss. If the purchaser fails to remove all the wood within the period, any sandalwood remaining unremoved, will become the property of Government.

12. Special endeavours will be made if required to secure railway facilities to the purchasers for the transport of their sandalwood by rail.

2. Each boat shall be floored or lined to the satisfaction of the Inspector, Madras Depot Circle, with smooth planking of mango or other suitable wood well fixed with wooden pegs as to keep the salt loaded on the planking off the bottom of the boat and to prevent the salt being damaged by bilge water. The wooden floor shall be washed and cleaned before loading to prevent dirtying the salt. The boat shall be divided into two holds or compartments with partitions made of similar planks, leaving a space between for fixing the mast and baling out water. The boat will be supplied by Government with gunny covers or tarpaulins or both to secure the salt from being tampered with and also to protect it from rain. Salt will be loaded in bulk in both the holds and will be covered with tarpaulins securely fastened with rope and lead seals. The department shall have the right to fix bolted rings to the boats if necessary to prevent tampering with salt.

3. As soon as the loading of the salt in any boat is complete, the contractor or his agent will be required to examine the covering and the lead seals and after such examination to sign the boat notes in token of his responsibility for any deficiency discovered on delivery at the depot, though with seals

intact. He shall then take, propel and navigate the boats with the least possible delay and shall moor them at such landing places as may be pointed out by the departmental officers. He shall not, without the permission of the departmental officers, allow any person to remain on board such boats during the voyage except the crews of the boats and such departmental servants as may be appointed to accompany them.

The contractor shall be liable to pay compensation and Kattur factory by daybreak the third day. The contractor shall be liable to pay compensation fees to the unloading contractors at the depot and the loading contractors at the factories at the rate of Re 1 per hour for each such boat not so arriving. He shall, on the other hand, be entitled to a Rs 2 per hour for each such boat not so arriving. He shall, on the other hand, be entitled to a detention fee of Re 1 from the unloading contractor for each hour not unloaded at the depot as specified in clause 15 of the agreement and to the same fee of Re. 1 from the loading contractors for each boat arriving in time at the factories as specified above but not loaded by noon at Kattur or by sunset at each of the other factories. These detention fees will be independent of and in addition to any fine that may be imposed (under clause 27 of the agreement) for such failure.

5. The boat shall be subject to inspection and rejection by the departmental officers and shall be provided with suitable sails and competent and adequate crews of not less than three able-bodied men and one boy for each boat and shall be navigated and maintained in repair at the cost and risk of the contractor. He shall also repay such sums as may be spent by the department on salvage of salt carried in boats which founder. He shall authorize the Commissioner to deduct and retain all sums payable to the department under the agreement from sums due to the contractor. But the contractor shall not be responsible for any loss or expenditure which is proved not to have been due to any negligence or default on his part or on the part of his agents or servants or to any defect in the boats supplied by him.

7. The contractor shall not have pecuniary dealings of any kind whatever with any officer of the department.

8. He shall not assign or make over the contract directly or indirectly to any person or persons, nor permit any person or persons to interfere in the management or performance thereof without the permission of the Commissioner.

10. The Commissioner's decision regarding the construction of the contract, in case of dispute, shall be final and shall not be subject to question or review in a court of law or otherwise.

11. The contractor shall present to the Assistant Commissioner every fortnight work bills, and payments will be made within seven days of their receipt.

13. The weight of salt ascertained on storage at the depot shall be taken to be the weight on which payment has to be made to the contractor and the weight of salt which has been lost, damaged, destroyed, stolen, short delivered or abstracted shall be dealt by the Commissioner whose decision shall be final.

13. The contractor shall carry and convey from the Madras Depot to the factories and vice versa, and deliver safely, bags, tarpaulins or other articles delivered to him in connexion with the transport of salt giving or taking an acquittance in the combined trip register and transport gunny accounts for gunny bags handed over to, and returned by him respectively. 14. In case of failure, neglect or refusal on the part of the contractor to observe, perform or fulfil all or any one or more or any part of one or more of the conditions, the Commissioner may cancel the agreement and make or enter into such other arrangement or contract as he may think fit. The contractor shall be answerable for any loss or damage so caused, but shall not be entitled to share in any savings below the rates payable to him under the agreement. The contract shall then be void and it shall be lawful for the Commissioner to sell and dispose of the deposits and recover the balance due from the contractor, his assigns, executors, representatives or administrators. The Commissioner or the Assistant Commissioner acting on his behalf may, instead of cancelling the agreement and entering into another, undertake the work or any portion thereof himself and recover the cost of such execution from the contractor or fine the contractor in any sum not exceeding Rs. 20 on each occasion. If the fine is not paid within seven days of its imposition, the Commissioner or the Assistant Commissioner may sell and dispose of the deposits to recover the fine. The Commissioner or the Assistant Commissioner may also levy a penalty not exceeding Rs. 30 for every day on which the total tonnage supplied falls short of the minimum prescribed.
